

The legal market is very competitive  
 You need to offer significant value to be successful.

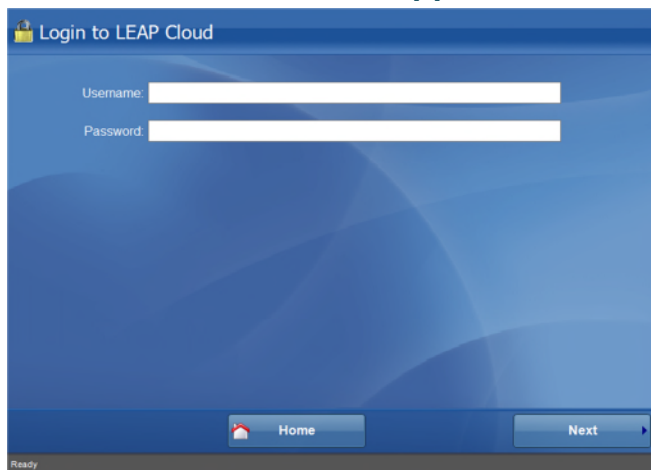

**Scan directly and affordably to LEAP Legal Cloud from the MFP with the eCopy-LEAP Cloud Connector by PrintSolv**

The cost effective solution will enable LEAP Legal (Cloud) clients to scan directly from supported MFP's to LEAP Legal (Cloud) using the Nuance eCopy ShareScan solution.

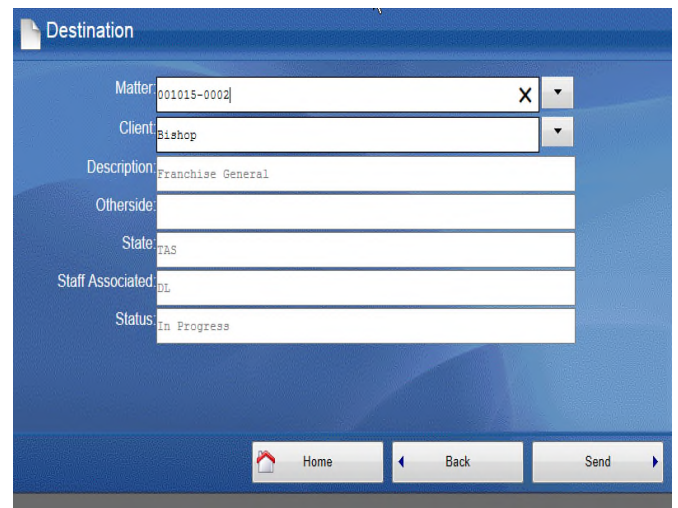

Users can scan documents to LEAP Legal (Cloud) as PDF (text searchable), then search the documents according to the content on the pages.

This solution will dramatically streamline the document archiving process for legal firms, providing them considerable savings in costs and resources.

**Simply login to LEAP Cloud from the MFP – Pin Codes also supported**

Search or type matter number/client name and optionally add data to the upload - Hit Send

**Special Notes**

- The Connector supports any edition of Nuance eCopy ShareScan v 5.2
- MFP must support eCopy ShareScan embedded application - [https://nuanceimaging.custhelp.com/app/imagining/supported\\_devices/](https://nuanceimaging.custhelp.com/app/imagining/supported_devices/)
